Welcome to Harrison College! We are very excited you have made the decision to become a student at the Columbus, Ohio, campus. Our campus is proud to offer programs in the Schools of Health Sciences, Criminal Justice & Social Services and Business that align students with the growth potential and viability in our region and afford them the opportunity to achieve their life vision.

Our courses simulate real-world experience through live, hands-on instruction taught by faculty with experience in your related field of study. Career coaches walk beside you to ensure you remain on track to meet your career goals and to connect you with employment opportunities.

We realize that in today’s world, the educational landscape has changed. Individuals work and attend school simultaneously and require the most relevant education and training for immediate integration into the job market. Furthermore, our students face other significant challenges that call for additional support and Harrison has responded with:

- Tailored academic advising and personal tutoring
- Flexible schedules and online, blended and on-ground classes
- Access to a wide variety of research tools including print and digital resources, online videos, practice exams, academic journals and databases, and numerous tutorials and how-to’s
- Robust library services which include individual assistance with resource gathering and evaluation methods, academic writing and APA formatting, software and technology, and navigating the online course environment

We are committed to the success of our students. We value a personal and responsive learning environment where each individual is known by name and is viewed as a capable member of society. Become a member of the Harrison family and let us assist you in achieving your dream!

Sincerely,

Leneé Pezanno, Columbus Campus President
“I like the atmosphere at Harrison College and I feel a real connection with my instructors. Harrison has given me an opportunity to do something that I enjoy and that I never would have thought was possible.”

Marisa Thompson, Student, Columbus

If you know it’s time to make a change, Harrison is ready to support you.
